

From data to decisions: Transforming terminal asset management with data x AI

PERSPECTIVE

Smart
Maintenance
Starts with
smart data

PERSPECTIVE

BI x AI unlocks
foresight

PERSPECTIVE

The ROI is real
when you
approach it right

3 fundamental shifts

1. From Data Chaos → Trusted, Connected Data
2. From Gut Feel → Decision Intelligence (BI × AI)
3. From Tech-First → Human-Centered

prime

100% Electric
Delivering Shipment Zero

When do we stop repairing and start planning for replacement?

No data =

No simulation =

No smart decision

DATA DRINKS

June 18, 5-9PM @Putaine
Antoine Platekade 996, Rotterdam

- ✓ Post-conference drinks with industry insiders
- No pitches, no panels, just real talk & good company
- ✓ Meet data folks, planners, ops leads, and innovators
- Drinks and bites are on us
